\$37,500 FOR HOLY CROSS IN THIS STATE

Holy Cross College building fund campaign is going big over the entire state of Connecticut. One of the greatest incentives to its success is and has been the devoted wish of the Rt. Rev. John G. Murray, Auxiliary Bishop of Hartford, to turn over to the Jesuit Fathers at Worcester, a sum sufficient to erect a substantial building which will be named "Conventum Hall." It is felt that such a building under such a name will in years to come stand as a most wonderful memorial to the good citizens of this state in their assistance that the coming generations have the opportunity for higher education, which is their due.

At this date, the total subscriptions from New England total \$610,000, of which \$37,500 has been subscribed by Connecticut to apportion her quota of \$125,000. Torrington is the first city in the state to go over the top, Norwich and New Haven districts with quotas of \$15,000 and \$10,000 respectively are fighting for second honors, both having obtained nearly of their quotas.

Still another plant announced a 15 per cent reduction of wages without interrupting operations. There is no evidence of increase in production in the hat manufacturing industry.

CASCARETS

"They Work while you Sleep"

Bring back your old "kick"! You are bilious, constipated! You feel headachy, full of cold, dizzy, unstrung. Your meals don't fit—breath is bad, skin sallow. Take Cascarets tonight for your liver and bowels and wake up clear, energetic and cheerful. No gripping—no inconvenience. Children love Cascarets too. 10, 25, 50 cents.

It means much to you personally and to your country, say the men at the head of the drive, that men of moral, physical strength and knowledge be sent into your midst to carry on affairs of church and state. Holy Cross will do it if you lend her a helping hand at this time. You have three years to do so.

The Connecticut divisional executive committee comprises Patrick T. O'Brien, lay chairman, and Rev. W. Keefe of the city, clerical chairman, and Bishop John G. Murray.

MOOSE BAZAAR OPENS

WITH BIG CROWD PRESENT

A large and well pleased throng filled Olympic hall Saturday evening for the opening of the Moose bazaar, which will continue until Monday evening, Nov. 29th. All of the various booths received a liberal patronage and the entrance dance with music furnished by Howard's orchestra, was a great source of entertainment to the lovers of dancing and good music.

The committee announces that commencing Monday evening three new booths will be added to those already on hand, and promise a novelty in the arrangement of them as well as the kind of merchandise that will be offered by them. A turkey booth, something never before attempted in the city at an affair of this kind, will be one of the features, and considering that Thanksgiving is near at hand, this booth is sure to meet with the approval of all. As previously announced, the other booths will also offer something a little different than has been shown heretofore. On Thanksgiving afternoon a special attraction has been arranged for, in the holding of a prize fox trot, open to any one within a radius of twenty miles, and entrance fee to compete in this prize fox trot will be charged, and suitable prizes will be awarded the winners. With the rivalry that prevails amongst the dancers of the city, numerous entries and considerable interest is sure to be manifested in the outcome of this prize dance. On this evening a delegation is expected from the Knights of Columbus, this being closed by the committee at 8 o'clock. As a special feature, the Elita Quartet, one of the best singing fours in this part of the state, composed of Messrs. Smith, Sherr, Powers and Steinhilber, have been engaged to offer vocal selections. The quartet of the night door prizes are awarded with a great deal of interest each evening, and affords pleasure as well as amusement for all.

THE PRODIGAL SON SHOWN

IN PICTURES AT Y. M. C. A.

The men's meeting at the Y. M. C. A. Sunday afternoon was well attended, and the interest was good from beginning to end.

Two reels of moving pictures were shown, one of scenes of historic interest in and around Philadelphia, and the other illustrating The Prodigal Son. Both pictures were of great interest, and the latter was deeply impressive. A brief and helpful address was made by Rev. Alexander H. Abbott, who said among other things, "Inasmuch as I live for quite a while in Philadelphia, it seemed as though I were back home again; the other picture will show a young man going away from home; it is the parable told by Jesus, of the Prodigal who asked his father to give him his share of the inheritance, and he went away and lived in riotous living; but he decided to go back home, and we all know how enthusiastically the father welcomed him. This is a picture of God who will welcome any man back home. No matter how far he has wandered away from the path of rectitude, or how far he has gone in riotous living; if only he 'comes to himself' and turns his footsteps toward home again, he can be assured of a kindly reception."

Next Sunday, "The Lord is my Shepherd" will be shown in moving pictures. Miss Mary Gray officiated at the piano Sunday.

WILL DUPLICATE \$100 GIFT

TO SANATORIUM FUND

During the past few days an out of town annual contributor to the holiday fund for the Norwich Tuberculosis sanatorium has notified Mrs. Fred A. Byrne that he will duplicate the largest sum up to this point in the fund by any individual resident in Norwich. This does not apply to an organization or a company, but to a private individual. The collector of the fund desires that his name remain unknown. The collector asks "who will be the public spirited citizen to win for so worthy an institution of \$100 a substantial sum for its holiday fund?"

CONGREGATION SPEAKER AT CONNECTICUT CONFERENCE

The Congregation speaker at Connecticut College at New London on Tuesday afternoon, November 23rd, is Douglas Johnson, professor of Physiology at Columbia University. In 1918, Mr. Johnson was commissioned major in the Intelligence Division of the United States army and sent to Europe by the secretary of war on a special mission to study the

relation of topography to strategy, visiting Belgian, British, French, American, Italian and Balkan fronts. Later he was made an advisor at the Peace Conference in Paris, as chief of the Division of Boundary Geography, and was appointed by the Secretary of State to represent our government on several international territorial commissions during that time. Mr. Johnson's lecture at the college will be copiously illustrated with lantern slides. The friends of the college are welcome guests of these convocation periods, for which a series of lectures have been arranged with the intent and purpose of contributing to the interest and pleasure of the public as well as the student body.
